Mauricio Saldarriaga Garcia

Front-End Developer | VueJs | ReactJs | Tailwind CSS | Crypto
Enthusiast

Bogotá, Distrito Capital, Colombia

Front-End Developer Jr.

I am interested in working as a developer or Front-End Developer,
remotely from anywhere in the world (relocation available), I have a
high level of English language, listening and writing, medium level
of conversation, development of web projects, using VueJs,
ReactJs, Tailwind, MySQL, Mongo DB, HTML, CSS, JavaScript,
postman, Git.

At this moment I have an internship contract with GoldenSec
Colombia, working as Front-End Developer Jr., VueJs and
Tailwind are the technologies used by the company also work
with Machile learning Algorithms in python.

I have 1 year of experience as a Web designer in WordPress and
Joomla systems, MySQL databases and positioning (SEO).

15 years of experience in hardware, networks, VPN and
maintenance, 8 years as a volunteer Cultural Manager in the city of
Medellín in Comunidad Underground and Fiesta Friki (volunteering),
currently studying Analysis and Development of Information Systems
at SENA.(Waiting for degree)

GitHub repository with current projects.
